

# MONOLITH GLEM

All gas 90cm freestanding cooker ML96MVI

We are delighted to announce the launch of a brand new addition to the Glem Monolith cooker range. It is the first time we have included a full gas cooker to the Glem line up.

Based on the successful Professionista Dual Fuel model ML96PROEI the new Gas model ML96MVI is in our opinion simply the best 90cm gas cooker available on the Australian market.

**This cooker is fully featured with:**

- Fan assisted gas oven – perfect gas cooking
- Catalytic liners for easy oven cleaning.
- Flame safety valves – if the flame goes out the gas flow stops
- Triple glass door – cooler surface temperatures
- Full width cast iron trivets – maximises the cooking area
- Touch control timer – intuitive and accurate
- 116 litre oven – big enough for those big pans
