

Product Information

The Graziosa 90cm cookers are value offers within the Glem range. There are two models. An all gas model GL965MVI and a dual fuel model GL965EI. They are very well specified with large 132 litre ovens and flame failure devices fitted to all burners.

2 Models

Model - GL965MVI

Gas oven with fan assisted and static functions
Easy 10 amp plug in connection
Plugs in the same as a kettle. There is a plug and cable already fitted. How easy is that?

Model - GL965EI

Fan forced Electric oven
Fan assisted grill
Static Grill function
Oven light

The Family Sized Cooktop

Single piece high grade water burnished stainless steel that is easier to clean and beautiful to look at.

Flame Failure Safety Devices on all burners

In the event of the flame going out the gas stops flowing

Top quality Italian made burners.

Top model SABAF alloy burners as used on all the top brands

Auto ignition through the knob.

Simply turn the knob and press to light the burner selected.

New Tech Trivets.

Provides a strong safe stable cooking surface. They look like cast iron but without the weight.

The HUGE 132L Oven - BIG and Beautiful

Simply great for everthing. Both the electric and gas models have a fan that distributes the heat evenly through the cavity which means a lot of cooking can be done at the same time.

A capacity of 132 litres is the biggest oven cavity in the Glem range.

Chrome Side Racks

Other brands let the racks slide straight on an enamel surface which scratches the enamel.

Titanium Enamel

The oven interior is coated in Titanium enamel. The non porous finish makes the oven much easier to clean.

Full Glass Inner Door

The double glass door has a large window and the inner glass is removable for easy cleaning.

Long Life Door Seal

The door seal is fibregalss, the same as we use on a pyrolitic oven. You will never have to replace a door seal again.

The Grill - More that just a Grill.

The grill is electric and is inside the oven.

Only one cavity to keep clean and you can get in and clean it easily. It also allows for shelf height flexibility and a wider application of grilling techniques.

The Grill has fan assisted function

Best for grilling medium and thicker cuts of meat. The fan assisted grill is a must have feature.

Closed Door Electric Grilling- super efficient

Air born grease is kept out of the kitchen and there is no discolouration of your cooker knobs and control panel.

Standard Features

Stainless steel adjustable legs to match your bench height.
Digital clock shows time of day and cooking time remaining.
Tangential cooling fan lowers the temperature of external surfaces.
Oven light - Auto ignition through the knob - 2 shelves, grill and rack

FEATURES OF THE GAS OVEN

Tri Vent Gas Oven Heating

A 3 way perimeter heat venting system ensures perfect heat distribution.

Centre Located Gas Oven Burner.

Some brands have the burner at the rear of the oven. The central location under the floor ensures even heat from the start.

Works in a blackout

Glem gas ovens work even without the electricity connected. Easy to light manually.
